

ECOCHARISMA[®]

1. Choose a ventilated pot with drainage.
2. Open the EcoCharisma[®] bag carefully.
3. Fill pot $\frac{3}{4}$ full with compost.
4. Place orchid, spread roots, add compost gently.
5. Water lightly, avoid overwatering.
6. Adjust light, water, and feed as needed.

PERFECT FOR

- Indoor orchids (Phalaenopsis, Dendrobium, Cattleya, and more)
- Orchid repotting
- Encouraging healthy root development
- Supporting moisture balance and airflow in orchid care
