

DOMUSCOIR®

1. Choose a pot with drainage or add a drainage layer.
2. Open the DomusCoir® bag carefully.
3. Fill pot $\frac{3}{4}$ full with compost.
4. Place plant, fill around roots, press gently.
5. Water lightly, avoid overwatering.
6. Adjust water, light, and feed as needed.

PERFECT FOR

- Indoor houseplants of all kinds
- Repotting and refreshing tired plants
- Maintaining healthy roots and foliage
- Use in decorative pots, indoor planters, or hanging baskets
